HOW DO WE FEEL? A SENTIMENT ANALYSIS...

Sentiment analysis is the identification of words in text as either "positive" or "negative" words, allowing feeling to be interpreted from text. A higher sentiment score(SS) means more happiness through text...

	Karthik	Anisha
Mean SS	3.81	1.77
Minimum SS	-10 on 5-28-2017	-14 on 6-24-2017
Maximum SS	76 on 6-4-2018	48 on 6-4-2018
